Approval of Notes: December notes approved with acronyms removed.

Committee Organization

Committee has decided that meetings will be bi-monthly starting now. The next meeting is to be in March.

Matrix will be updated regularly, possibly twice a year.

Stephanie and Emily will work on the agenda and setting up meeting with Board of Directors with feedback from the group.

An Oakland Bay Report Card will be developed to provide more concise and accessible information for the public.

Kitsap County SWMM program was discussed and committee thinks it would be advantageous for Kitsap representatives to meet with Mason County Board of County Commissioners.

Three committee positions need filled one citizen, one Port of Shelton member and one City of Shelton member.

Request was made that Tom Bloomfield become a member of committee. That request would need to be made to the commissioners and also make application.

Member Update

Mason County Public Works -Committee was informed 3 new mycofiltration sites to be installed.

Washington State University- working on 2 grants. Stormwater markers to be installed in City of Shelton and pet stations.

Mason County Public Health- retrofit program in Oakland Bay has had 41 and 3 repairs in Nov.

Worksheet deadline 1st Wed. in Feb.

Suggested topic for next meeting

Microfiltration have Paul come and discuss.
