

**MASON COUNTY DEPARTMENT OF COMMUNITY DEVELOPMENT**  
ADDRESSING DIVISION  
PO BOX 186  
SHELTON WA 98584  
(360) 427-9670 EXT 281 & 284

Your address has changed!!

Its ok, we have you covered.....

Although this is sometimes a difficult adventure for some, I try to make your address change as painless as possible.

I inform several agencies during this process including the local postmaster for your addressing district. They then automatically forward your mail from the old address to the new for one year.

I have found in the past that most issues with an address change are resolved quickly, having a forward for one year typically is adequate time to inform all your personal and professional contacts of your new address.

It is imperative that you contact your local phone carrier with the new address, I am not authorized to make that change to your phone account and they are the reporting agency to the 911 system.

The Department of Motor Vehicles is usually 90 days out in adding your new information. Please take a copy of your address correction notification with you should you need to conduct business during the transition time with DMV and any other agency that needs to verify your address. This might include your mortgage company, homeowners insurance, car insurance and others.

Please feel free to contact me if you have any questions regarding this process. And thank you for being a part of our continuing effort to provide quality addressing, mapping and the best possible outcome in finding you should you need emergency services.

Thank you,

Mason County Addressing
