APPLICATION FOR VARIANCE

Mason County Code Title 15, Section 15.09.057 VARIANCE CRITERIA states that variances from the bulk and dimension requirements of the Resource Ordinance or the Development Regulations (zoning regulations) may be allowed if written findings show compliance with the variance criteria. The burden is on the applicant to prove that each of the criteria is met. A public hearing accompanies Variances and application for a Variance does not guarantee approval. A variance is an application for a special “exception to the rule”.

On a separate piece of paper, please address the following:

1. Describe the specific modification from the terms of the Chapter required.
2. Describe the reasons for the variance.
3. No variance shall be granted unless the County makes findings of fact showing that certain circumstances exist. Please address each of the following standards and how the proposal pertains to these circumstances.
 - a. That the strict application of the bulk, dimensional or performance standards precludes or significantly interferes with a reasonable use of the property not otherwise prohibited by County regulations;
 - b. That the hardship which serves as a basis for the granting of the variance is specifically related to the property of the applicant, and is the result of unique conditions such as irregular lot shape, size, or natural

features and the application of the County regulations, and not, for example, from deed restrictions or the applicant's own actions;

- c. That the design of the project will be compatible with other permitted activities in the area and will not cause adverse effects to adjacent properties or the environment;
- d. That the variance authorized does not constitute a grant of special privilege not enjoyed by the other properties in the area, and will be the minimum necessary to afford relief;
- e. That the public interest will suffer no substantial detrimental effect;
- f. No variance shall be granted unless the owner otherwise lacks a reasonable use of the land. Such variance shall be consistent with the Mason County Comprehensive Plan, Development Regulations, Resource Ordinance and other county ordinances, and with the Growth Management Act. Mere loss in value only shall not justify a variance.
