Pedestrian & Traffic Safety Meeting

**Wednesday May 22nd 1:30pm
At the Hoodspport Library**

The Port of Hoodspport is Hosting a Workshop to address 'Pedestrian & Traffic Safety' concerns and solutions affecting the downtown Hoodspport area. Pedestrian Safety concerns have been a topic of priority of the Port of Hoodspport's Commission since its first meeting in 2012 with WSDOT, WA State Patrol, Mason County and the Public.

This meeting is to provide a Forum in which ongoing discussion with the Community to pursue pedestrian & traffic safety will be discussed to develop a strategy and proposed solution.

The Public is invited to voice their opinions about the pedestrian and traffic safety needs along the Hwy 101 corridor in Hoodspport.
