RE: Transportation Improvement Program Citizens Advisory Program

Mason County is seeking citizen volunteers to serve on the Transportation Improvement Program Citizens Advisory Program (TIP-CAP). The TIP-CAP will review and analyze Mason County's transportation needs and present their proposed transportation improvement plan to the Board of Mason County Commissioners. The time commitment would include attendance at six evening meetings between April 1 and October 31, 2003, each lasting approximately two hours.

The Board of Mason County Commissioners will use the transportation improvement plan developed by the TIP-CAP to plan road construction and other transportation projects for the next six years.

Mason County invites all interested citizens to apply. The intent is to form a team that represents a wide cross-section of Mason County's population.

Interested persons may apply by obtaining an application from the Mason County Commissioner's office, 411 North 5th Street, Shelton or by calling (360) 427-9670, ext. 419. Applications will be accepted until March 21, 2003.

Ron Henrickson, Mason County Administrator
