RE: Proposed Biopower Facility - ADAGE

Mason County is working with staff from ADAGE to hold a community information event in order to provide information and answer questions about the proposed biopower facility. We are hopeful the event will be held in the next month.

In the mean time, questions can be directed to [info@adagebiopower.com](mailto:info@adagebiopower.com) and we have been assured somebody from the ADAGE team will respond to your inquiry.

We look forward to learning more about this proposed facility.
