How to Volunteer During the COVID Outbreak

Medical Professional Volunteer Information and Process:

We are asking healthcare workers willing to volunteer to please register through the Washington State Department of Health. At this time, they are best able to coordinate the influx of volunteers in our community. Included is the link for the on-line registration process. This will allow you to be a part of calls for volunteers throughout our state or specifically in our county. The website contains all the answers to the questions you may have about the process.

To register go to:

<https://www.doh.wa.gov/Emergencies/NovelCoronavirusOutbreak2020COVID19/HealthcareProviders/EmergencyVolunteerHealthPractitioners>

Citizen Volunteer Information and Process:

Don't work in healthcare? That is ok we need your help too. To register as a non-medical volunteer please go through the Mason County Department of Emergency website. Click on the "volunteer application" icon and follow the directions.

To register go to:

<https://www.co.mason.wa.us/dem/volunteer.php>

Once registered you will be contacted if your services are required.

Thank you for being willing to serve your community during this time.
